ModernTravels

New York is made up of five boroughs: Manhattan, Brooklyn, Queens, Staten Island and the Bronx. Here, there are tens of thousands of food, shopping, scenic options and more.

## BROADWAY

Broadway is a major north-south thoroughfare in New York City that runs north and south through Manhattan Island from Battery Park. "Broadway" has become synonymous with musical theater because of the numerous theaters on both sides of the road, which are important places for the development of American drama and musical theater.

200 W 45th St, New York,  
NY 10036, United States

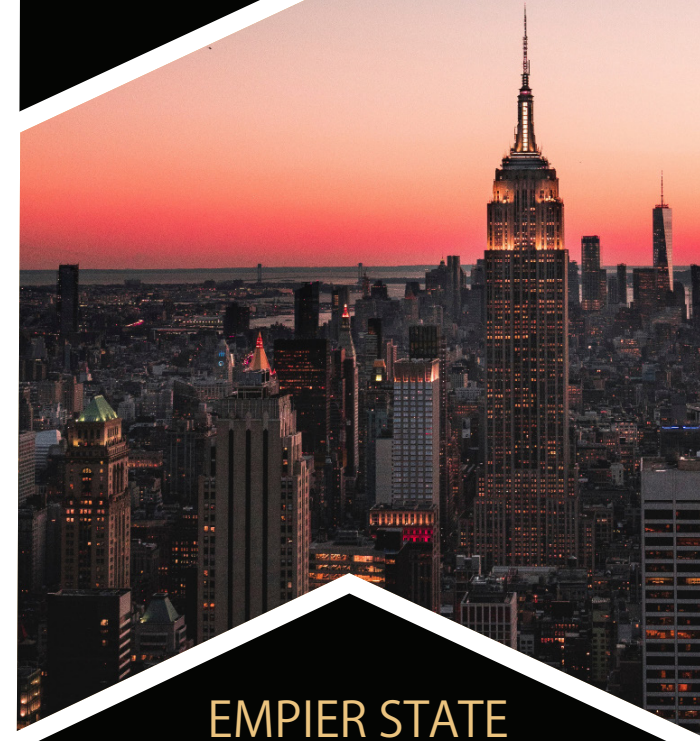

## STATUE OF LIBERTY

New York, NY 10004, United States

The statue was a gift from France to the United States in 1876 and is regarded as a symbol of the United States. The statue is dressed in ancient Greek style and wears a radiant crown with seven pointed awns symbolizing the seven continents of the world. It is 12 meters long and holds a torch in its right hand. Especially at night when the lights shine.

, United States

## EMPIER STATE BUILDING

The Empire State Building, with a total height of 444 meters, stands on Manhattan Island in New York City and is a symbol of New York and the entire United States. The observation deck on the 86th and 102nd floors offers 360-degree views of The Manhattan skyline and has long been a popular tourist destination for tourists from all over the world. What are you still hesitating about, come to the Empire State Building observation deck experience!
